

Gaming, shopping, watching or working.

How to get connected to the Opticomm
fibre network so you can do more online.

Make the most of superfast internet

Your building is connected by Opticomm. We build and maintain the fibre infrastructure that connects your home to the internet via your chosen phone and internet provider.

And, with over 50 service providers to choose from, it's never been easier to get your internet on with Opticomm.

Getting connected is simple

To get connected to a phone and internet plan that suits your needs, speak to one of our providers today.

Visit opticomm.com.au/connect
to view a list of available service providers.
