#### **Provided that:**

The system has been applied in accordance with Wattyl or Solver's respective printed Specification and Technical Data Sheets.

1. Only additives approved by Wattyl or Solver have been used in the respective Wattyl or Solver paint, and usage has been according to relevant label instructions.
2. The Painting Contractor has kept documentary records pertaining to surface preparation, coating application and conditions at the time of application.
3. Wattyl or Solver's directions for use have been complied with in every respect. Areas of non-compliance are not be covered by this warranty.

N.B. This is a material warranty only. The applicator is required to issue a separate warranty for his workmanship.

**Wattyl or Solver shall not be liable under the above warranties for:**

- a) Damage caused by movement of the substrate or structural cracking.
- b) Failure caused by unsound substrates, including unsound previous paint systems.
- c) Failure due to faulty application.
- d) Damage caused by ponding water, hydrostatic pressure or entrapped moisture.
- e) Damage caused by maltreatment, such as mechanical damage, either during installation or at some subsequent time.
- f) Damage caused by faulty design and/or construction of the premises.
- g) Damage caused by cleaning agents/chemicals or cleaning methods.
- h) Damage caused by fair wear and tear.
- i) Any part of the project for which proof of purchase is not made available for Wattyl or Solver products used.

This warranty is in lieu of all other warranties and/or conditions, whether expressed or implied and all other obligations on the part of Wattyl or Solver other than warranties or conditions which arise by operation of law and are not capable of being negated or modified by agreement.
